

## **Addendum to the November 2013 Circular of Information**

INNOVATIVE  
BLOOD  
RESOURCES

### **Effective 11/13/2017**

“A licensed nucleic acid test (NAT) for Zika Virus RNA has been performed and found to be nonreactive.”

Blood products that have been tested with the licensed test will not have additional labeling.

### **Effective 11/14/2016**

“Units labeled as negative for Zika virus RNA were tested individually (IDT) with an Investigational nucleic acid test (NAT) and found to be nonreactive”

Innovative Blood Resources FDA License 1895
